BRIEF CITY NEWS

Contracts Let.

Architect F. E. Johnson returned yesterday from Douglas, where he let the contract for four small houses. Contractor Caldwell tendered the lowest bid and was given the job. The houses are owned by H. M. Woods, of this city.

Nothing Filed.

Attorney Neale, one of the counsel for the local stockholders in the South Bisbee, stated yesterday that the directors of that company have not as yet filed an amended answer to the complaint. He states that Bisbee people interested in the company feel that they have practically won their case.

Mr. and Mrs. Rees Here

Mr. and Mrs. J. A. Rees returned yesterday from Tombstone, where they went a few days ago for a short wedding visit. Mr. Rees stated yesterday that he would not know for a few days how soon he is to go to the City of Mexico. He has a brother there who is a prominent physician.

Gets Two Wedges.

Justice McDonald spent yesterday near Don Luis, where he located two wedges that are surrounded by patented ground. The wedges, covering nearly two acres of ground, are between the Copper Queen and the Wolverine and Arizona properties. Surveyor Clark is interested in the claims.

Awaiting Papers.

Constable Date Graham was here last night from Douglas. He says that the officers now have positive proof against the Mexican arrested at Agua Prieta for killing another Mexican with a coupling pin recently at Chiricahua station. As soon as extradition papers are secured he will be brought to Douglas.

Kinney Resigns.

Herbert Kinney, for about twenty years one of the trusted employees of the Copper Queen, has resigned his position as hoisting engineer. He has gone to Cananea, and will probably accept a position with the mining company there. Kinney is well known here, and his departure will be regretted by a large number of friends.

Going to Church.

About fourteen rusty old timers, who have not been to church since the fire in the woods have banded together and pledged themselves to enter the holy sanctuary next Sunday. They thought at first that they had to buy tickets, but being enlightened on the subject, will dispense with that little preliminary detail. Just what church will be their destination is yet a secret.

Ed Garrett in Jail.

Ed Garrett, who was recently sentenced in Cananea to serve four months in jail for chewing off the ear of a companion in a fight, will be released on April 25th. Garrett is well known here, and his case has attracted a great deal of attention. Garrett getting out so soon is accounted for by the fact that his term in jail was made to date from the date of his arrest.

E. P. & S. W. Branch.

There is some talk of endeavoring to enlist the El Paso and Southwestern in the enterprise of projecting a branch from some point on their line, presumably near Naco Junction, to the Huachuca. In that event it would probably run to the mouth of Miller canyon, from which point it would radiate in different directions in the district as rapidly as the development of the country would justify it.

Locating Pole.

The Bisbee Improvement company is having some trouble locating a telephone pole on Main street near the Bisbee drug store. William Black, who does not want the pole in front of his saloon building, asked that it be moved. An effort was made to do so, but the drug store made an objection. Another location was selected, but a city official ordered the digging of the hole stopped. The pole will probably remain where it now is.

New Cemetery Road.

Rev. Harvey M. Shields and Supervisor Bowen made a trip to the cemetery yesterday afternoon for the purpose of selecting a new road. They decided that a change should be made and picked a new road from Tom Tate's house direct to the west gate of the cemetery. Supervisor Bowen will probably go out today with Overseer Krigbaum to estimate the expense of the new road. He will lay the matter before the board of supervisors.

Hansen Arrested.

Ernest Hansen was arrested yesterday at the request of Joe Martinelli, who complains that Hansen was in the St. Louis beer hall yesterday afternoon and wanted to fight everybody in sight. Hansen was brought before Justice McDonald, but was under the influence of liquor. Martinelli says that Hansen asked several people to fight him, and then when one accepted the invitation, he broke and ran. Hansen is better known as the "Horrible Swede."

Case Postponed.

The case of the two Chinamen in Tombstone, who were arrested in the raid of a hop joint, was yesterday postponed to April 30th. Both sides ask for time in which to prepare their case. The matter is attracting a great deal of attention in Tombstone, where an effort is being made to break up the opium dens of that city.

COPPER BELLE COMPANY.

A. H. Emanuel Appointed Trustee at Conference of Creditors.

Tucson, April 23.—At the creditors' meeting of the Copper Belle Mining company which was held before Special Referee John B. Wright, seventy-three claims were represented. Attorney E. T. Dunning represented Los Angeles and San Francisco parties, together with some local claims and these voted in favor of A. H. Emanuel for trustee. The thirty-seven claims which they held amounted close to \$20,000. The opposition led by Judge Barnes favored Mr. Bullock, who represented thirty-three claims, but eighteen of these were thrown out on technical point, the remaining amounting to \$9,000. Mr. Emanuel was appointed and his bond as trustee was fixed at \$30,000. This morning the meeting confined their attention to examining Messrs. Costello, O'Brien and Gleason on a \$68,000 mortgage given for Gleason's stock in the company.

The creditors voted to instruct the trustee to receive sealed bids for the sale of the personal property leasing the mine and the sale of the ore on the dumps to be opened at an adjourned meeting of creditors on May 1.
